(2) At any time and at any place, a peace officer may request a driver of a motor vehicle to surrender his or her driver's licence to the peace officer if the peace officer has reasonable grounds to believe that the driver may have consumed alcohol in an amount that would make his or her driver's licence liable to suspension.

(4) If a driver's licence is suspended pursuant to this section, the suspension of that licence is terminated if the driver:

  - (b) after the suspension is issued but before it has expired, obtains and produces to the peace officer a certificate from a duly qualified medical practitioner stating that the venous blood of the driver contains less than 40 milligrams of alcohol per 100 millilitres of blood.

- (4) If a driver is suspended pursuant to subsection (2) and the driver is the holder of a driver's licence, the driver shall immediately surrender his or her driver's licence to the peace officer.
